

WHAT TO DO IN THE EVENT OF AN AIR THREAT

MAIN EMERGENCY CONTACT AT RGSL: IMANTS JEVDOKIMOV (29244834)

WHAT TO DO IMMEDIATELY?

- Stay calm and follow the instructions of RGSL staff and administration
- Go to the nearest safe place within the building
- Move calmly do not run or cause panic
- Do not leave the building or the safe location unless instructed to do so

SAFE PLACE

- Rooms without windows or with as little glass as possible
- The two-wall principle – there should be at least two walls between you and the outside
- Hallways, a basement, or an underground level
- Location away from exterior walls and glass

PROHIBITED

- Photographing, filming, or posting information on social media
- Spreading unverified news and rumors
- Approaching drones, debris, or suspicious objects

IF THERE ARE INJURED PERSONS OR A SUSPICIOUS OBJECT

- Immediately inform RGSL staff or the administration
- If necessary, call 112
- Do not approach or touch suspicious objects

ALERT LEVELS

Yellow — Possible threat

Follow official information and be ready to act

Orange — Real threat

Immediately move indoors or to a safe place

Red — Emergency government alert

Strictly follow official instructions

STAY INFORMED

- Use "112 Latvia" app or website 112.lv
- Official channels of the State Fire and Rescue Service (VUGD), the National Armed Forces (NBS), and Riga municipality
- Latvian Television, LSM, Latvian Radio
- Check whether all updates are downloaded on your phone and that emergency alerts (cell broadcast) are enabled

Stay in a safe place until the end of the threat is announced
